

# EIP

## ENVIRO CONTROLS

**Director** : Mr. Ravinder Goyal

**Established** : EIP was established in 1986 as a partnership company.

**Products:** Simple point level measurement to advanced inventory control system, having 3D visualization. Solutions for all kinds of solid, liquid & powder level measurement even for harsh dusty environment.

Selected 2013-15

**History:** Measuring level of bulk solid and powder was difficult during the 80s. EIP was started to overcome the above problem through its innovative low power RF Technology for point level measurement. EIP with its expertise and experience in this field now has all types of technologies for solid / liquid applications.

### Achievements:

- ◆ Highest sales growth award for two consecutive years from APM ISRAEL
- ◆ Outstanding Achievement from SISTAG, Switzerland
- ◆ Credited for bringing 3D Technology for the first time in India for Large houses
- ◆ Also assigned SMERA CREDIT Rating with Dunis No.

*Accurate, easy to use,  
Accelerated, delivery on sensors*

**Market:** Our clientele list includes NTPC, BHEL, ALSTOM, Thermax, MECON, SAIL, RINL, TATA STEEL, RELIANCE Industries, Reliance Energy, ACC, Aditya Birla Group, Ambuja Cement, various SEBS.

**Brand Value:** Ours is a technology invented and proved successful for harsh dusty environment including temperature and pressure extremes.

**Recent Developments:** EIP is now providing innovative solutions by using 3D technology for inventory control system for large houses, storage bins/ silos.

**Promotion:** We promote through technical presentations, meeting with consultants, end users, and project supplier.

**Expansion plans:** We plan to diversify our expertise to Petrochemicals Industries, Sugar Industries, Food Industries in addition to Power Industries, Steel Industries, Cement and other utilities.

**Facilities for staff:** We arrange family get-togethers, host various activities with lunch and dinner for the staff and their families.

**Mantras to become a successful entrepreneur:** Be honest to your duty and transparent with your commitments.

**Corporate Social Responsibility:** We maintain all active compliance with ethical standards and international norms.
