

M/S. DARSHAN PLASTICS

Selected 2012-14

Achievements: Darshan Plastics was awarded

- District Industries Award” for 2011
- Long Term Business Association” award from Varroc Group in 2011.

Market: We market in and around Pune and Aurangabad. We are also supplying car Roof Lamp Assembly to Volkswagen, Spain through Varroc.

Recent Developments: We are in the process of developing Air Vent Assembly to be exported to Russia. Also as a part of Automation we have recently ordered a Robo.

Brand Vision: To consistently provide quality products on time and achieve customer satisfaction.

Director : Mr. Ashok B. Thorat

Established : Sept. 2002

Products: Manufacturing of injection moulded plastic parts required for auto lighting.

History: Initially we started with three machines in order to manufacture auto lighting components for 2 wheelers, 3 wheelers and 4 wheelers. Based on quality cost of delivery we went on adding our moulding capacity. Now we have 21 latest energy saving machines and also we are into business of ultra sound welding and pad printing. We have also started 2 wheeler side linker and tail lamp assemblies.
