

GEMP PACK

PACKKAGING SYSTEMS

Selected 2012-14

Director: Mr. J. Prakash

Established: 1995

Products: Packaging Machines, Strapping machines, Carton sealing machines, Granules and powder filling machines, Liquid & paste filling machines, Shrink wrapping machines, Vacuum packing machines, FFS machines, Sealing machines, sleeve wrapping machines, Skin & Blister packing machines, Lid & capping machines.

History: Commenced operations from 1995 with the aim of providing

comprehensive packaging solutions, under one roof, at low cost. In the beginning we undertook servicing of packaging machines, later on we started manufacturing packaging machines. Now we are the leading manufacturer of both primary and secondary packaging machines. We are progressing ahead of our competitors in every aspect, be it quality, durability of the machines and timely order processing.

Achievements: Grown from scratch to a multi-enterprises organization.

- Gem Corporation – Machinery manufacturers
- Gemp pack Enterprises – Trading of packaging consumables

- Adhitya Industries – Imports & Exports
- Gemppack packaging systems – Special purpose Machineries, Turnkey projects. We also undertake contract packaging. We have successfully provided packaging solutions to many industries, like the banking sector, garment exports, food processing industry, printers and publishers, sea food exporters, automobile industries, engineering industries, multinational companies. Nearly 80% of organizations make use of our machines for their packing purpose. Our biggest achievement is the loyalty of our clients who have been with us since 1995.

Our client list includes : TVS group, Murugappa group, Reynolds, Hyundai, TTK, Dinamalar, Kumudam, RBI, ICICI, HDFC, SCB, SBI, AXIS, Godrej, Tansi, HCL Wipro, TATA Paperpack, National, Falcon, Kone Elevators, Amrutanjan, Ultratile, Johnsons, Anuj tiles, Saralee, Eagle press, Khadims, Schneider, Jet Airways, Kingfisher, Savorit, HLL, Hyundai, Honda, RKG, Marico Ltd, Borosil, Foxconn, Pril, Aone, Oxford & Cambridge University Press etc .

Marketing Strategy: We offer one stop solution for all type of packaging requirements across a wide range of industries. We are the choice of a number of organizations for the supply of quality machines, after sales service and timely supply. We help the customer to make a perfect packaging design because the consumer looks at the packaging that is visually pleasing and representative of the actual product. To promote our packing machines we take the machines directly to the customer's premises for demonstration purpose. The customers can then see and feel the operation of the machine packing their products.

Vacuum Packing Machine

Weigh Fill Machine

Powder Filling Machine - Auger

FFS Machine

Recent Developments: We have developed machinery for Mineral water packaging and dairy industry; filling and lid machines for the paint industry. Recently we have ventured into the field of contract packaging system. We have also started exporting packaging machines to countries like Sri Lanka, Bangladesh, Africa and the Middle East.

Expansion Plan: We plan to come up with more packaging solutions to meet the various customer requirements for Primary, Secondary and Transport Packaging. Presently we are operating from Chennai which looks after the sales and service for various states in South India, we plan to set up an office in each state. And we hope to become a 200 people company in the near future.

Paste Filling Machine

Facilities for staff: We organize tours for the staff every year. We conduct monthly get-togethers and we facilitate their joining recreation clubs and fitness centers. We have a "fun at work" culture and environment.

Mantras: Our ethics is to stress technology, quality & service. Perseverance, Commitment, Team work, Determination, Endurance, Co-operation and conviction are required for success.

Brand Value: We are committed to international quality, timely delivery, reasonable pricing and customer satisfaction. This makes "Gemp pack" a well known and reliable brand.
