

GIRIJA FARM HOUSE PVT. LTD.

Name of the Director:

Mr Laxman Vithhalrao Jadhav

Established : Heritage

Products: Cotton, Orange, Horticulture, Milk dairy, Nigiri and Saag and Compost Fertilizer.

History: I come from an agricultural background. My parents used to work in this field. We had 17 acres area of fields. From my childhood, I liked to develop agriculture field by new technical advancements.

Achievements: I have tried to change the view point of Indian farmers and have always been earth-friendly and believe that we can save soil by using compost fertilizer.

Market: About 30 km from our farm is Aurangabad which is a viable marketplace.

Recent Developments: We have implemented tissue culture and started green houses to creation of flowers and vegetables.

Expansion Plans: We are providing employment to many like students, housewife, unemployed etc. Work like cutting flowers, packing and dis-patching to the market etc.

Salient features: We can proudly say that our firm making India “shining”. Relating to Gandhiji’s “Dream India” – Village make India stronger. One generally thinks that the road which comes from the cities is important but when we have a changed point of view – the road which goes to cities from villages makes India larger and better.

Recreation facilities for staff members:

Programs are arranged to motivate all of my staff, family member and site supervisors. Family get together of all staff and training programs are also arranged.

Mantras (secrets) to become a successful entrepreneur: Team work is better than going at it alone

Brand values: “I can and we will” this is our mantra. Our field of work is related to the daily need of the people. So we closely follow what the requirements are.

Corporate social responsibility: From time to time we conduct Agri school camp. We also conduct activities like drama etc at the temple of Shri Girija Mata. In a festival season we give to the farming people.
