

TOP ENTERPRISE

Ahmedabad

Name of the Managing Director:

Mr. Nimesh Atmaram Patel

Year of Establishment: 1995

Product: PVC Chamber, Regulator, Umbilical Cord Clamp and other Surgical Medical Instrument parts and plastic Jar cap.

History: In 1995 I had started job work in surgical medical devices. Soon thereafter I ventured into the mass manufacturing of surgical medical devices. The precious support of my elder brother and sisters has made my company successful.

Achievements: Products of surgical medical devices with extra ordinary self designs which is unique, in design, from another surgical production.

Marketing: Top Enterprise Company sells to top level export company in surgical medical devices field. We also take job work for different kind of surgical parts.

Recent Developments: In the company we have started an R & D department. We also have started Tool Room house facility.

Promotional Tactics: Top level surgical medical devices companies contact us whenever there is a demand of quality brand items in market. Some of the Surgical Medical Devise Products are 'Lalson's Brand', Jar Cap - 'Krupa Brand'

Expansion Plans: The Company has been planning to establish an automated production system from the present manual one.

Facilities for staff: Our Company provided cool water, tea and coffee and also refreshment to staff members.

Mantras of Success:
Quality is our commitment.

Brand Value:
Best quality brand surgical medical devices part and Jar Caps. Our products are extraordinary with unique self designs.

We Believe:
Human life is very precious, therefore we aim to provide good qualitative parts to life.
