our technology helps grow your business
faster & better

Market: Since our company is into branding, advertising and website development, we find market in all sectors. We have already been servicing clients in the following sectors: Real estate, engineering, hospitals, retails, software, media etc...

Brand values: A company experience is regulated in its brand. A brand is not just a product it is the trust which enables more business flow from its clients.

Recent Developments: We have reached clients in 7 countries. We have given out branding contracts. We have also developed products for real estate market.

Promotion: Mostly it is through mouth to mouth on a work to work basis. However we have acquired good amount of clients by promoting online. Online promotion has proved effective to our company.

Expansion Plans: We have planned to service clients from abroad. We are planning to expand ourselves in to North Indian markets and also overseas like UK, US etc. We also plan to increase the number of employees.

Mantras to become Successful Entrepreneur: Just focus on your aim and keep working. A positive thinking will always help. Confidence, enthusiasm and good communication skills are strong tools.

Social Responsibility: We conduct campaigns regarding common things of day to day life, that troubles people. UMM is very proud to contribute a small part in helping for social cause and supporting the vibrant community of some NGO's.
