

Vydehi

Institute of Medical Sciences & Research Centre

Director : Mrs. D. A. Kalpaja

Established : 2001

History : Blessed by his Holiness Bhagavan Sri Satya Sai Baba, a decade ago our beloved Chairman – Dr. D.K. Audikesavulu embarked on the journey of providing world class healthcare services, professional education along with manpower development in the form of well qualified doctors, dentists, nurses, paramedics and biotechnologists. Established in 2001, Vydehi Institute of Medical Sciences and Research Centre is a group of Institutions spread over a sprawling 65 acres is located on the eastern edge of Bengaluru City's Whitefield area. We offer a spectrum of specialty and super-specialty medical services in the field. Our Institute is recognized by the Statuary Bodies of Medical Council of India, is included in the directory of the World Health Organization, and has tie ups with the University of Georgia and the University of California in USA.

Achievements: VIMS & RC has constantly pushed the barriers in delivering the best of technologies in the field of medicine at the same time keeping in mind its availability and affordability for the vast majority.

Over the decade it has grown to a 1350 bedded multi specialty hospital equipped with technologically advanced equipments like-

- Gas Plasma Sterilizer
- 1.5 Tesla MRI
- IGRT machine the first in Karnataka
- Peritoneal dialysis machine
- 16 State of the art OT for surgical interventions
- Ventilator
- 16 Slice CT scanner
- Blood bank with component facility
- Pharmacy
- Ambulance services to prove the best medical services of the growing requirements of the patients.
- 27 X 7 services offered by emergency and critical care department central diagnostic lab with a load of higher than 2500 test per day and using sophisticated instruments as automated analyzer, ELIZA readers, 5 PART DIFF haematology analyzers automated urine analyzers to name a few.

Apart from the medical services VIMS and RC has produces 500 of the finest medical graduated for the country and the state of Karnataka every year for the last one decade.

Market: The market is vast and recession proof as the need for healthcare exists as long as mankind exists. VIMS & RC has carved niche for itself in the education and medical domain through its services and presence emerging as one of the leading medical college and hospital. In spite of being amidst the IT sector and corporate world we provide services to them. We have also not neglected our responsibilities towards taking the same quality services to the doorsteps of rural India.

Recent Developments: VIMS & RC with its finest infrastructure and world-class medical facilities incessantly strives to innovate and emerge as a leading tertiary care centre. Offering the best of the medical services by its team of medical experts, using state of the art modern and advanced technologies, with a primary goal in delivering high quality affordable and comprehensive patients care for people from all walks of life and in particular from the rural underprivileged and poor communities.

Wellness Evening Clinic: VIMS & RC offers Specialty and Super speciality services that includes state of the art diagnostic facilities to ensure delivery of holistic patient care for corporate houses.

Bengaluru Super Speciality Forum (BSSF): VIMS & RC Launched BSSF to serve as a platform for all super specialties to interact, exchange views and exhibit individual and institutional accomplishment. This forum also helps to impart teaching and training of super-specialties to post graduate students. We also have a Cochlear implant centre in the Department of Rehabilitation.

Expansion plans: Expansion of hospital to 2500 beds with all specialties and expansion of rehabilitation schools.

Facilities for staff: VIMS & RC believes in its staff having a well balanced life within the campus. With this in mind we provide host of recreational facilities in form of a well equipped Gym, recreational sports facilities like carom, chess, table tennis, badminton, volleyball and a colossal well laid track & field ground for the staff members to make use of to keep fit and unwind from their routine work life.

Mantras for a successful entrepreneur: Running a business is a creative venture and comes with its own challenges of venturing into the uncharted territories. You chart your own future and success. It is about creating a life, while providing livelihood and life. It takes courage, determination and foresight to be a successful entrepreneur. One always has to have the passion and pursue it with dedication to achieve success. Always think

for success, knowing your weaknesses and strengths and accordingly plan. Never fear failure and never think of failure. Always persevere through discipline, dedication and devotion to your work.

Brand Value: Over the years VIMS & RC has emerged as the leading healthcare hub in the city of Bengaluru. Lead by its team of committed professionals, equipped with the finest medical skills and competencies, it has achieved many a milestone in the medical field and has brought smiles to millions of families. With medial tourism on the rise and Bengaluru taking the lead of being the hub, VIMS & RC has kept its pace with the developments and has attracted many patients from neighbouring states and country for treatment and care. It has set up a special cell to cater to these patients and their family who are total strangers to Bengaluru, in providing an affordable and comprehensive treatment along with a comfortable stay and experience. Families of the patients successfully treated at our campus have been our brand ambassadors and that sets us apart as one of the successful and leading medical college and hospital in the country. Over the years VIMS & RC has become a synonym in the higher realm of education and healthcare.

Corporate Social Responsibility: Access to public health systems is critical and being one of the leading Tertiary Care Centre in Bengaluru city and the state of Karnataka, VIM & RC over a decade has left no stone unturned in taking the medical services to the doors of the needy. It has corporate tie-ups with some of the well known names in the corporate world and at the same time expanded its availability to the surrounding rural areas by organizing and conducting.

Rural Health Training Centres:- by adopting Sarjapura Primary Health Centre as the Rural Health Training Centre and other Centres at Kalkunte and at Mallsandra, we are treating more than 50000 patients on regular 24X7 basis and the same time providing field experience to the students.

Salient features: We have done more than 500 free Cardiac surgeries, free eye operations. Free paediatric treatment is been done since last 10 years.
